As a Full Stack Web Developer fresher, I have recently gained a solid foundation in web development technologies and methodologies. I have experience working on personal projects and collaborating with peers on team projects, honing my skills in building responsive and user-friendly web applications using HTML, CSS, JavaScript, and various frameworks such as React and Node.js. I am eager to apply my knowledge and skills to develop innovative and scalable web solutions while continuously learning and growing in a dynamic and collaborative work environment. Strong problem-solving abilities, attention to detail, and a passion for staying up-to-date with the latest web development trends are my key strengths.

# SANJAY BOHARA
